

Guido Leindecker

Guido has called southwest Florida his home since 1999 when he founded Florida Star Homes Inc in Southwest Florida in 1999. He brings tremendous experience within residential construction projects working for several developers. Over the last ten years Guido has collectively completed construction of over 1,500 homes as a developer/investor while actively working as a residential and commercial real estate agent. Guido has a Bachelor of Science in Sociology as well as an education in electrical engineering.
